Chief, FBIB

Recruitment and Wage Scales for Foreign Nationals

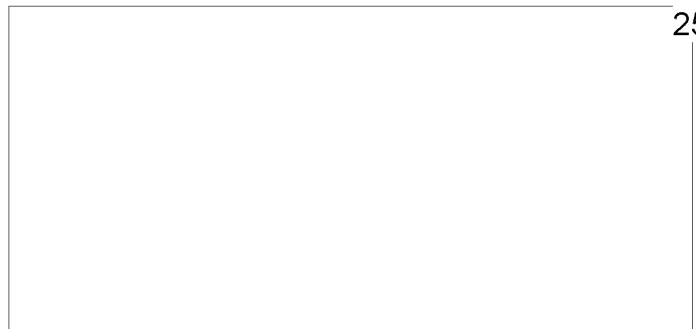

1. Reference is made to your memorandum dated 9 September 1948, subject as above.

2. It has been noted by this office that the basic pay rates for graded jobs (enclosure 3 to FEC Circular 14 dated 26 March 1948) will provide a logical basis for the determination of pay scales for foreign nationals at the Far East Bureau. However, in presenting a Project to the proper officials of this Agency, it is desired that comparative wage scales be presented in substantiation of any recommendation made.

3. It is therefore desired that you make an effort to provide comparable figures paid by other than United States military agencies.

4. With reference to paragraph 8, FEC Circular 14, which deals with promotions, this office will provide you with a complete set of administrative memoranda published by this Agency, upon assurance by you that the necessary facilities are available for safeguarding classified matter. All questions relative to promotion and personnel matters are answered in these administrative instructions.
